CARRANZA ATTACKS THE U. S. CAVALRY

Unofficial Reports Reach El Paso That Mexicans Captured Hachita, N. M., But Cannot Be Confirmed

(Special to The Herald)
El Paso, March 15.—As official reports were reaching El Paso that the American forces under General John J. Pershing had crossed the border into Mexico at 2:20 this morning from Columbus, alarming advices as to the activities of Carranza troops, also arrived here. The El Paso chief of police was notified that 5000 Carranza soldiers attacked the Seventh U. S. Cavalry at Hachita, 35 miles west of Columbus and had taken the town after the battle.

The report of the capture of the town came to Chief Don Johnson from a friend, over the long distance telephone. He said he could not secure any confirmation and efforts to secure information from the military authorities were balked by the censorship.

An official of the El Paso and Southwestern railroad, which runs through

Hachita, was asked if he had heard of any trouble at the New Mexico town. "I am not allowed to talk about that," he replied.

Advices that the American troops had crossed the line and that the pursuit of Villa had begun were heard from several different points, and practically agreed that the advance had begun. A telephone message from Columbus that reached here at 2:20 a. m. said that the American forces had broken camp. The sender of the message said he was unable to give any further information owing to the censorship.

MEXICANS DENY ATTACK ON HACHITA

El Paso, March 15.—Reports that Carranza troops have attacked Hachita were denied at Mexican military headquarters in Juarez today.

Mexico, Tuesday, according to announcement made today. The French won their success in hand to hand fighting near Hill No. 105 using the bayonet and grenades to drive the Germans from the trenches.

COUNTERFEIT MONEY.

Secret Service Men Issue Warning Against Fake \$5 Note.

The secret service today issued a warning against a counterfeit of the five dollar note of the San Francisco federal reserve bank which has appeared on the Pacific coast. The counterfeit is printed from zinc etched plates, poorly executed and readily detected.

AUSTRIA PROTESTS SINKING

Alleges Allied Submarines Torpedoed Passenger Ships.

(Special to The Herald)
Washington, March 15.—The Austrian embassy here today filed a formal memorandum with the state department alleging the Entente allied submarines had torpedoed unarmed Austrian passenger steamers. They were the Daniel Boro and the Zagreb. The attacks occurred in the Adriatic Sea.

WILL HOLD SPECIAL TOWN MEETING

Committee Appointed to Secure Figures on Installation of City Water.

At the New Castle town meeting held on Tuesday it was voted to settle the question of whether or not the town should secure water from this city, at a special meeting to be held some evening within the next two weeks. In the meantime a committee will investigate the matter, securing figures on the cost of the installation of city water. The majority of the voters appeared to be in favor of the proposition. All other articles in the town warrant were passed.

CHILDREN TO GIVE PLAY.

Pupils of Farragut School Will Present "The Theft of the Thistle-down" at High School Hall.

The children of the Farragut school will give a play called "The Theft of the Thistle-down," at High school hall on Thursday, March 16, at 3:30 o'clock. The play will be followed by fifty stereopticon pictures on babies. This is the last meeting of baby week. Mothers are especially invited.

AMERICAN TROOPS HAVE CROSSED THE BORDER

Forces Number 4500 Men From the 7th, 8th, 10th and 13th Cavalry

(Special to The Herald)
San Antonio, March 15.—The American cavalry forces, numbering 4500 men formed that section of the U. S. punitive expedition reported to have crossed the border into Mexico from Columbus, N. M., early today.

The column included portions of the 12th, 10th, 8th and 7th cavalry, ac-

companied by two ambulance corps and a field hospital company. According to reports received here, Colonel Dodd, commander of the 2d Cavalry Brigade was in command of the invading column. General Pershing having remained at Columbus. This was taken to believe that Columbus would be only the first and not the only place where the troops would enter Mexico.

PICKED UP BODY FLOATING IN RIVER

Seaman Missing Since January-Kittery Man Suffers Ill Turn After His Gruesome Find

Edgar Brown, a resident of Locke's Cove, Kittery, picked up a body floating in the river off Jamaica Island about 5 o'clock on Tuesday afternoon and after much work he managed to tow it to the Kittery shore. From the marks on the sailor's uniform which he wore he was identified as William Morton, a former boatswain's mate attached the survey ship Leonidas.

While that vessel was fitted up at the navy yard in January, Morton was sent to the naval hospital for treatment and escaped from there shortly after New Year's. He had not been heard from since and was placed on the records as a deserter. It is not known whether he met death in an attempt to swim the river or committed suicide.

Mr. Brown, after getting the body to the shore, called Medical Examiner E. D. Jacques of South Berwick, who pronounced death due from drowning and ordered the body turned over to the navy authorities.

It is reported that Brown, who found the body, suffered an ill-turn as a result of his gruesome find and required the services of a physician.

At the navy yard today the officers were unable to tell much about the man from the fact that his record is in the hands of the navy department. The acting commandant, John V. Klemann, had requested the return of the same in order that the necessary arrangements can be made and the remains disposed of to relatives if they can be found. A board of investigation has been ordered by the commandant composed of Dr. Wright, Lieut. Wilhelm, Asst. Surgeon, Marlock, Chief Boatswain, Wash recorder. They will report on the case shortly.

GERMANS CAPTURE HEIGHTS

Is One of Hardest Blows Dealt French Line.

(Special to The Herald)
Berlin, March 15.—German troops have occupied the crest of L'Homme Mort, northwest of Verdun. It was officially announced by the German war office today. The capture of the heights is one of the hardest blows dealt the French line. Northwest of Verdun four French counter attacks were launched but all were repulsed. Twenty-five officers and more than

BAIL REFUSED OLMSTEAD HELD ON MURDER CHARGE

Manicurist Shot by Wool Buyer Monday Died at Boston Relief Hospital While Hearing Was Going on

Boston, March 14.—Irving Ellis Olmstead, salesman for the William Whitman Company, was arraigned in the Municipal Court today and pleaded not guilty to the charge of murdering Mrs. Violet Mooers, a winter street manicure. He was held without bail for a hearing on March 21.

Mrs. Mooers, into whose body Olmstead fired four shots, died at the Relief Hospital shortly after he had been arraigned on a charge of assault with intent to kill and held in \$10,000 bonds. As soon as the police learned of Mrs. Mooers' death the charge was changed to murder and Olmstead held for the grand jury.

When arrested, Olmstead, who is married, told the police he shot Mrs. Mooers, because she "double-crossed" him. The manicure shop on Winter street where the shooting took place was open for business today as usual. Customers observed a bullet hole in one of the walls, and Miss Snow, a partner in the business, was kept busy answering telephone inquiries regarding Mrs. Mooers' condition.

Employers Unaware
Employers of Irving Olmstead and his closest business associates were unaware of the double life which he was leading, according to one of the Whitman sons. He said to the reporter today:

"Olmstead came to us about a year and a half ago from a summer street wool concern. He was a high-priced man, of exemplary habits and good ability and we thought a great deal of him.

"I talked with him as late as 3 o'clock yesterday afternoon. He was normal and had not been drinking. He seemed disappointed over the fact that he could not go to Philadelphia. He had planned a Philadelphia trip last Sunday night and would have been there yesterday had I not discouraged it. He traveled between Boston and Philadelphia and was at home nearly every week-end, as far as we know."

Officials of the Summer street firm

who employed Olmstead from eight to ten years prior to his joining the Whitman forces spoke highly of him.

The police learned today that Olmstead first became acquainted with Mrs. Mooers under the name of Harry Clifford. It is said she learned he was married a year ago and since that time had tried ineffectually to persuade him to leave her.

On one occasion they are reported to have engaged in a violent quarrel in the manicure room, and Mrs. Mooers ran into the street without hat or coat. Only last week they took dinner together, the police say, and Olmstead spoke of the woman's son, William L., a student at the Sumnerville English high school, who died last summer. The boy was stricken with pneumonia poisoning at the V. M. C. A. camp at Friendship, Maine. When Olmstead referred to her son, Mrs. Mooers left the table.

Tell of Quarrel

On Saturday the police said Olmstead went to his manicure shop, and the couple became involved in an argument. It is understood that Olmstead learned he had a successful rival, and that he tried to turn his name, but without success. He left and returned Monday afternoon, remarking:

"Well, after Saturday I suppose I am all through. But we still can remain good friends. Let's all go out and get something to eat."

Miss Edith Haines, who with Mrs. Mooers and Miss Snow is a partner in the business was in the shop at the time. The invitation was refused.

COUNTRY CLUB DANCING ASSEMBLY

The Portsmouth Country Club will hold a dancing assembly for club members at Pierce hall on Monday evening, March 20, from 8 to 11 o'clock. The committee in charge is Mrs. Harry N. Harding and Mrs. Morgan Dade.

The Herald is the favorite newspaper.

EXETER GETS AUTO CHEMICAL

Many Other Important Questions Settled at Town Meeting.

Ideal weather and a large number of special articles in the warrant brought out a large crowd to the annual Exeter town meeting on Tuesday which was called to order at ten o'clock by Moderator Dana W. Baker.

Officers chosen were:
Selectmen—Charles Gatchell, Frank L. Wadleigh, Fred L. Colcord.
Treasurer—Richard E. Skate.
Clerk—Fred S. Fellows.
Highway Agent—C. Charles Hayes.
Tax Collector—Lewis S. Swain.
Auditors—Arthur O. Fuller and C. S. Russell.

The appropriations were: State tax, \$762.50; county tax, \$5,111.09; payment of town bonds, \$2,000; interest on town debt, \$2,800; fire department, \$5,000; highways, bridges and streets, \$10,000; resurfacing Water street from Dearborn's Corner to Great bridge and High street from Gilman's lane to Auburn street, \$2,500; concrete sidewalks, \$500; maintenance of South side road, \$500; preventing spread of brown tail moths, \$1,000; support of poor, \$300; public library, \$2,200; wiring lamps, accessories complete for lighting the public library with electricity, \$350; lighting streets, \$5,300; police and constables, \$3,000; salaries of town officers, \$3,500; board of health, \$500; miscellaneous, \$1,000; oil for streets, \$2,500; improving sanitary condition of town, \$1,500.

The meeting adjourned at 12:30 and was called to order again at 1:30 o'clock when the special articles were taken up, there being many arguments.

It was voted at the opening of the afternoon session to appropriate \$2,000 for the purchase of a combination auto chemical and thus the much discussed matter of the inadequate fire department was adjusted.

This article caused much argument and many spoke on the matter. Including Chief George N. Carter, Attorney Ernest G. Templeton, Willard E. Peters and Frank H. Lamson.

The matter of combining the girls in the lower grades in the Robinson School

STRIKES AND SPARES

Jordan and S. Kingsbury Win Ten String Match.

In a ten string match at the Arcade alleys rolled last evening Jordan and Sam Kingsbury defeated Clint Kingsbury and Capstick, winning by 57 pins. The winning team took the lead in the first string and held it until they were passed by two pins in the sixth.

In the eighth Jordan hit the pins for 128 and his partner made a score of 126, regaining the lead and holding it until the match was over. In the eighth their opponents rolled 51 and 53 for a total of 104 as against their 253.

The summary:
Jordan S. Kingsbury vs C. Kings. Capstick
116 79 96 90
91 33 81 106
103 98 81 109
100 88 92 105

accordance with the new law was left for a special meeting on March 28 when legal advice will be sought as the matter given more consideration.

NEW CASTLE

The elemental weather that has just swept over the Island town brings back the somewhat unusual expression "Six weeks' sleighing in March. This seemingly is true if it does sound like it. But it was a wind that brought somebody. The snow has to be removed in effort and thousands of men have obtained employment, brief, perhaps, but welcome. For all that, Dame Nature's fit of temper was a thrillingly spectacular incident. All signs have gone askew this winter, even the Pennsylvania prophet.

Mrs. Catherine White is recovering from a severe cold.

Mrs. Charles Amazeen is out after her recent illness.

Mrs. Dorothy Hayward is restricted to her home with the gripple.

We had hoped that the crest of the gripple wave had passed over, but never, with the sequence of the big storm, it has seemingly taken a fresh start and new victims are reported daily. March is a month of untoward weather but it is the month that reaps the consequences of February's polio-causis of colds. If one succeeds in getting through the month even tolerably well, the rest of the year will be comparatively easy.

Rev. George B. Frost of Andover is the guest of Mrs. Nellie A. Card.

Mrs. William Carlton is restricted to her home by a cold.

Mr. Raleigh Myers has moved his family into the Deane house.

Mr. Le Roy Hayward is confined to his home by a severe cold.

Carls have been received by friends announcing the marriage of Frank B. Roberts to Mrs. Nellie Ellis of Los Angeles, Cal., Tuesday, March 14. Mr. Roberts has been passing the winter in California.

Mrs. Evelyn White is restricted to her home by the gripple.

Mr. Charles Evans of Chelsea is the guest of relatives in town.

Mr. W. L. Hayward has recovered from his recent illness.

Mr. and Mrs. Elmer Batson have returned from a visit with relatives in Salem, Mass.

Mrs. Nellie Hayward has returned from a two weeks' sojourn with her parents in Portsmouth.

Mrs. Adeline Henley after a several weeks' sojourn with relatives has returned to her home in East Candia.

Mrs. Harriet N. Martin, the town's oldest resident, is restricted to her home with an attack of the gripple and her many friends wish her a speedy and complete recovery.

FUNERAL NOTICE

The funeral of C. Fred Duncan will be held on Thursday morning at 9 o'clock from his late home at 492 State street. Relatives and friends invited.

Interment will be in the family lot at Woodlawn cemetery, Everett, Mass.

The Herald contains both the latest foreign and local news.

PRINCE ALBERT

the national joy smoke

is the real tobacco for jimmy pipes and makin's cigarettes!

Copyright 1914 by R. J. Reynolds Tobacco Co.

You back-up and get a fresh start!

Know right off that this talk is directed at you who can't smoke a pipe; who can't enjoy a rolled cigarette! For men who got away to a false start Prince Albert has a word or two for what ails their smokeappetites!

And it should be handed out here that digging joy from a jimmy pipe or makin's cigarette is as easy as it is for us to tip you off to it. All the training necessary is to get the right packing—and fire away! And P. A. is the tobacco you need!

You'll find Prince Albert waiting your word in all corners of the States, and all over the civilized world! Tasty red bags, 6c; tidy red tins, 10c; pound and half-pound tin humidors—and that classy with sponge-moistener top that keeps the tobacco in such fine fettle—always!

Forget you ever tried to smoke, for Prince Albert is so different, so cool and cheerful and friendly, you'll get a new idea of smoke joy! The patented process fixes that—and cuts out bite and parch!

And this little preachment is also for men who think they're on the right track. All to be said is that the sooner you lay out a nickel or a dime for a supply of Prince Albert, the sooner you'll make a discovery that'll be worth a lot to your peace of mind and tongue!

Get the idea of smoking all you want without a comeback—that's P. A.!

On the reverse side of this tidy red tin you will read: "Patented July 30th, 1907," which has made three million smoke pipes where one smoked before!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

LITTLE INTEREST IN PRIMARY ELECTIONS

Little interest was aroused in the direct primary elections held here on Tuesday as with one exception there was no contest. In the contest between Frank N. Challa of Manchester, who was pledged for Roosevelt, and George H. Moses of Concord, unpledged, this section appears to have given Mr. Moses a safe majority although the returns are far from complete. In the city the total vote for the five wards gave Mr. Challa 47 and Mr. Moses 121, a majority of 74 votes. Newington gave Moses a majority of 6, Greenland a majority of 25, and Rye a majority of 2. In this city, the Progressive ticket has fallen far behind, in wards 1 and 3 no Progressive ballots having been demanded. All of the Republican candidates were unpledged with the exception of Mr. Challa who is pledged to Theodore Roosevelt. On the Democratic ticket most of the delegates are pledged to vote for President Wilson for re-election. The exceptions are

Eugene S. Reed, candidate for delegate at large, and James O. Gerry, candidate for District Delegate; both unpledged.

In the several town elections all of the candidates were running on a citizen's ticket, one caucus having been held and but one set of candidates being nominated with but one or two exceptions.

In the election and town meeting at New Castle held yesterday the question of taking water from the City of Portsmouth was one of the main issues. This was postponed to an adjourned meeting to be held at an early date, no action having been taken. The returns of the primary election for New Castle were not obtainable at a late hour last evening.

The votes for the candidates for the three conventions in this city, Newington, Rye, and Greenland, together with a summary of the town officers elected for the ensuing year in the three towns mentioned, follows:

KITTERY POINT

Frank Waldron has moved his family into the house of James Lewis on the Creek road.
Mr. and Mrs. C. G. Gage are passing a few days in Dover, Mr. Gage being here on business.
Mrs. Fred Goss of the Intervene visited friends in town on Tuesday.
Mrs. William Tobey visited Mrs. James Philbrick on Tuesday.
The Ladies' Sewing Circle of the Congregational church was pleasantly entertained by Miss Julia Duncan at her home at the Intervene on Tuesday afternoon. A good attendance was present and much work accomplished. The hostess served assorted cake and coffee.
Elmer Fuller has moved his family from the house of William Blake to the house of Rev. Winifred Coffin on the Creek road.
Miss Myrtle Fish has returned to her home in Danvers, Me., after visiting Mr. and Mrs. Joseph Moulton.
Miss Francella Emery left on Tuesday to visit relatives in Brockton, Mass., and will also attend the Packard-Fringson pupils which take place in that place today.
A cottage prayer meeting in connection with the Forward Movement will be held at the home of Mr. and Mrs. William Ames on Tenney's Hill Thursday evening.
Miss Ethel Harrow has returned from a visit with relatives in Boston and Melrose, Mass.
The Sewing Bee connected with the Bible class of the Christian church will meet with Mrs. William Tobey on Thursday afternoon.
Miss Maude Moulton and little niece, Barbara of North Kittery are passing a few days with her brother, Joseph Moulton.
The W. C. T. U. will meet on Thursday afternoon with Mrs. Robert Dillings.
Captain Horace Seaward has returned to his home here after visiting his son, Cecil Seaward and wife of Dover.
Miss Edith Seaward passed Tuesday with Mrs. Eugene Blaney of the Rogers road, Kittery.

GLASS OF WATER BEFORE YOU EAT ANY BREAKFAST

Wash poison from system
each morning and feel fresh
as a daisy.

Every day you clean the house you live in to get rid of the dust and dirt which collected through the previous day. Your body, the house your soul lives in, also becomes filled up every twenty-four hours with all manner of filth and poison. If only every man and woman could realize the wonders of drinking phosphated hot water, what a gratifying change would take place. Instead of the thousands of sickly, anemic-looking men, women and girls with paly or muddy complexions and instead of the multitudes of "nervy wrecks," "rundowns," "brain fags" and "neurotics" we should see a virile, optimistic throng of rosy-cheeked people everywhere.

Everyone, whether sick or well, should drink each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels, the previous day's indigestible waste, sour fermentations and poisons thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store, which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the hairy feet of bowels do.

PREFERRED STOCK HOLDERS FAVOR REORGANIZATION

Boston, March 14.—A committee consisting of Jasper Whiting, Louis A. Frothingham and Wallace B. Donham has been formed to solicit proxy agreements from preferred stockholders of the Boston & Maine Railroad. In a circular to them this committee says in part:

"At the request of holders in the preferred stock in the Boston & Maine, the undersigned have organized as a preferred stock committee to represent the preferred stock in the negotiations now going on with a view to putting the railroad on a sound financial basis. Hitherto the preferred stock has not been especially represented. The general Boston & Maine committee represents primarily the common stock. No one of that committee particularly represents the preferred stock as such, and no one considers himself under a duty to emphasize the difference between the position of the preferred and of the common stock.

"Under these circumstances certain preferred stockholders believe that the general committee cannot appropriately protect the preferred stockholders. The interests of the two classes of stock are not identical and the general committee is necessarily most interested in the greater problem, i. e., the situation of the common stockholders. This preferred committee will give the preferred stockholders an independent representation.

"The preferred committee wishes to make clear at the outset that this committee is friendly to the plan, as outlined by the directors of the company in their circular mailed to stockholders Feb. 11, 1916, the main features of which have its cordial approval. The preferred committee will expect to urge only such extensions of the plan as the interests of the preferred stockholders require.

"The preferred committee is unable at the present moment to make any predictions as to what may be accomplished for the preferred stock, but it is certain that nothing will be accomplished without the concerted action of the preferred stockholders acting independently of any other group. Such action should be taken at once.

"The preferred stock of the Boston & Maine, being a relatively small issue, the dividends on which stand next in the fixed charges of the railroad, attained and until recently held throughout the community and among the

small investors of New England a high standing as a conservative investment, and now sells in the market at a materially higher price than the common stock. Because this preferred issue is small as compared with common stock a total of \$3,143,800 preferred against about \$40,000,000 common there is a real danger that in future this issue may be overlooked and that it will wait for dividends until dividends are resumed on the common stock. It will be the duty of this preferred committee to work out if possible some modification of the plan which will guard against this danger and make the preference a real asset to the stockholders.

Since announcement of the Boston & Maine reorganization plan outlined there has been a "spread" in the market quotations of the common and preferred shares, amounting to about 20 points in favor of the latter.

Preferred stock of Boston & Maine was originally issued in connection with acquiring the Eastern Railroad. There was \$65 par of Boston & Maine preferred given for each preferred share of the Eastern. Boston & Maine preferred is not entitled to cumulative dividends, nor to any preference as to assets in liquidation, but it must now be paid in dividends at the rate of 5 per cent per annum before any dividends can be paid on Boston and Maine common.

NEW HAMPSHIRE COLLEGE NOTES

\$416.11 A YEAR FOR EACH STUDENT.

New Hampshire College, Durham, N. H., March 14.—Conrad J. Hays, Registrar of the college has just completed a tabulation of student expenses which will be published in the next college catalogue now under preparation. This table accounts for all of the ordinary items of expense which a student who comes to New Hampshire may meet, and will be of greatest interest to prospective students and their parents.

of the students at New Hampshire support themselves wholly or in part by outside work, the actual cash expense of the average student is materially less than this. The figures were gathered by asking each student a series of questions. He wrote the answers on a blank form and handed them in to the Registrar's office, and the figures have now been averaged.

They represent last year's freshman, sophomore, junior and first-year two-year men, and women regardless of class. The average freshman expense for men was \$330.91. The average sophomore's expense was \$121.20, and the average expense \$476. The average for women students was \$137.36, and the average of the first year two-year students who remain in Durham only until the middle of May is \$386.19.

The figures for the average New Hampshire College student, item by item, are as follows: room rent \$53.58; \$17.19; laboratory fees \$3.61; laundry, board \$133.47; books and stationery, pressing and mending \$15.15; incidentals, college activities \$20.20; athletics \$4.00; traveling expenses \$23.77; clothing \$43.34; other expenses \$22.90; tuition \$60; fees \$20; and for the freshman there is added to this always \$19 for his uniform in the cadet regiment.

The agricultural club gave its first dance last night in the agricultural club rooms in Morrill Hall. Mrs. C. H. Pettie, wife of the Dean and acting president, Mrs. J. C. Kendall, wife of the director of the experiment station, and Mrs. F. W. Taylor, wife of the Dean of the agricultural faculty received the guests. The room was attractively decorated, and an ingenious arrangement of electric lights allowed for sudden changes of color. One of the features was a solo dance by Mr. C. H. Young who gave an interpretation of Dvorak's "Humoresque." W. E. Chamberlain, President of the club gave several readings. One of the dances was danced in the dark, the dancers lighting the room with 4th of July sparklers.

A favor dance was another feature and there was a battle of confetti.

WHOLESALE DESERTION OF AUSTRILIANS A MYTH.

Vienna, March 14.—Italian and French papers recently reported that whole companies of Bohemian and other Slav soldiers who were fighting in southern Tyrol had deserted into Switzerland and surrendered their arms to the frontier garrisons. This story is officially branded as a pure invention by the Austro-Hungarian general staff. There are no units of troops in the army of the Dual Monarchy, which consist entirely, or even mostly, of Slavs and po Bohemians, Croats and other Slav soldiers were ever employed at the front.

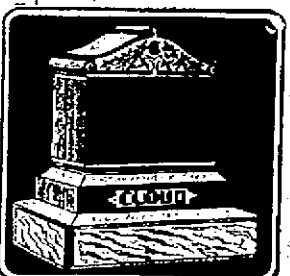

where the wholesale desertions are said to have taken place.

Just how strong the proposed censorship of news from Mexico is going to be in creating much worry in newspaper circles at present.

Do you know that Broken Auto Parts (Cranks, Transmissions, Cases, Cylinders, Housings, Frame Members, Axles, Etc.), can be repaired perfectly with our OXY-ACETYLENE WELDING at a very reasonable cost? Our welding will stand the severest tests because it is done right. See us before buying any new parts.

HORSE SHOEING AND JOBBING.
G. A. TRAFTON,
200 Market St., Portsmouth.

We are now working on orders for monuments and tablets, to be delivered before Memorial Day. It is better to place your order now before the rush of spring orders arrives. We manufacture both granite and marble memorials, and you can see your monument while in process of construction. Kindly call and see our display of monuments and get our prices before purchasing.

Portsmouth, N. H., Wednesday, March 15, 1916.

The Single Tax Folly.

A publication devoted to the single tax idea makes a reckless and a most extravagant statement when it says that "the rise in land values in cities is totally the cause of their poverty, their slums, their crime and their moral and physical diseases."

It is not necessary to refute such a statement as this. It refutes itself. Every person of ordinary intelligence knows that it is not true. Poverty, slums, crime and moral and physical diseases are not due to or dependent upon any form of taxation, and the claim that they are shows great weakness in the single tax theory or on the part of some of its champions.

The publication in question considers the taxation of everything but land on a level with the imposition of fines, and calls for a cessation of the system of "fining building owners, manufacturers for their machinery, merchants for assembling stocks of goods, bond holders and bank depositors for the raising of necessary revenues," which it believes should be raised by the taxation of land only. It advocates a gradual shift from the present policy to the one proposed, whereby at the end of eight years all taxes would be assessed upon land.

This theory is not new. It has been before the public for some years and has been presented much more skillfully than by the publication quoted from, but it is to be noticed that it is not making much headway. The people are convinced that taxes should be assessed upon values in whatever form they may appear. It would be unjust to exempt one man from taxation because his property happened to consist in dry goods or machinery, and to compel another to pay because his property happened to be in land. Under this single tax idea if a man should lose a valuable building by fire his tax would be as much as before. There is neither sense nor justice in any such proposition.

The thing to do in the field of taxation is to scrupulously avoid discrimination and to tax values wherever they are found, and in whatever form. To exempt buildings and tax land would be no more sensible than it would be to exempt horses and tax cows. The whole scheme is foolish and impracticable, and it is no wonder that it fails to make headway with an intelligent and hard-headed public.

Captain Simms, a distinguished officer of the navy, has publicly declared that "the navy is a soft snap to those who are not ambitious, and from a military purpose the situation is absolutely rotten. From a social standpoint it is excellent. As a soft snap it is a peach." The captain could have included under the head of "rotten" also the social part of it. The snobbishness of the navy is one of the jokes in all naval communities.

The primary law, which received another trial in New Hampshire, was condemned in all quarters. It is the greatest snap that the politicians have had to deal with in forty years. This attempt at reform has proven to be a huge joke.

Pope Benedict characterizes the war as the "suicide of civilized Europe." To some it seems at times like the suicide of civilization itself, but the only thing to do is to bear up under the strain and hope for better things.

Henry Ford has taken a hand in settling the love affairs of all his employees. He insists that peace shall prevail in his factory. Henry should come to Portsmouth this summer and take charge of several local scandals.

Governor McCall and Senator Weeks of Massachusetts should get together. Both are very capable gentlemen but for each to seek the nomination would only injure New England in the National campaign.

Practically the first that the voters locally knew of the city primary election was when they found the bar rooms closed in the morning. Several hundred went without their morning nip on Tuesday.

Secretary Daniels of the Navy is quietly fitting the Southern navy yards. Portsmouth will not complain unless he attempts to reduce the flow of work at this station. It is well for all hands to watch out.

There would seem to be no harm in the New England delegates lining up for some New England man at the Chicago convention. By so doing they could wield much influence.

Brother Moses of the Monitor suffered none in his campaign for delegate-at-large to the Chicago Convention. Mr. Challis' campaign was certainly ill-advised.

It will have to be conceded that the German commerce raider, "Moewe," mowed quite a swath while it was mowing.

CURRENT OPINION

Exclusiveness of Americans
Prevents Assimilation of
Japanese.

I want to point out the errors of those who try to ascribe the anti-Japanese sentiment to the lack of ability to assimilate on the part of the Japanese emigrant. Quite the contrary. It is the Americans themselves that set up obstructive barriers to prevent the Japanese from being assimilated in social manners and customs, refusing them a friendly reception in their social intercourse.

It is quite natural for the Japanese to tend to form isolated groups when they find no warm friendship outside of their own narrow circle. How can they become American when the Americans coldly refuse them their society?

The true cause of the so-much talked of nonassimilation of the Japanese is not to be found in their haughty and arrogant patriotism, but in the exclusive attitude of the Americans, the accusers.

I wish the Americans would in future open the way for the Japanese to assimilate instead of charging them with "insolent isolation," which has been forced on our emigrants by no others than the Americans themselves.—By Count Okuma, Premier of Japan.

BOSTON LETTER

Boston, March 16.—The compulsory military service bill has gone to the committee on military affairs of the legislature for a report. It is believed that the measure will be reported favorably and that some action on the matter will be passed at this session. The bill is earnestly advocated by former Adjutant General Pearson of Lowell. He told the committee of the difficulty confronting officers of militia companies all over the state in securing young men for enlistment. He pointed out that American territory had been invaded by a foreign foe in Mexico and then went on to say that Massachusetts is a danger point on the coast, just as New Mexico is in the Southwest. There are various million plants scattered about Boston, he said, and there are scores of places where a foreign force might be landed. Boston harbor, he continued, is fortified, and there would be no necessity for a foreign foe trying to pass the guns of the forts. But they could be easily landed at Gloucester, at Ipswich, Newburyport or several points along the Massachusetts coast, and the first place they would start for would be Lowell, Watertown, Acton or any of the other places where munitions are manufactured. The bill before the committee, General Pearson pointed out, provides that the governor shall have authority to issue a demand upon the cities and towns to supply men with whom to recruit the militia at any time, the number of men in any organization falls below the number specified by law as constituting "full strength." Captain W. H. Conn, retired, of Woburn, advocated a military tax on all men between 21 and 45 years of age, to be levied on all who will not enlist in the militia.

Word has been received at the Fore-River shipbuilding yard in Quincy naming the sponsors for the two naval vessels now ready for launching and the dates for the ceremonies have been set. The submarine T-10 will be overboard next Thursday morning and will be named by Miss Catherine Rees Bush, the daughter of Commandant W. H. Bush of the Charlestown navy yard. The torpedo boat destroyer Rowan will take the water on March 23 and will be named by Miss Louise McLean Ayres of Cincinnati.

The Highway Commission has registered 13,051 automobiles so far this year more than at the same time last year, while the receipts from automobile registration have increased \$120,651.33 in the same time. One peculiar fact in connection with this year's registration work is the fact that the only decrease shown in any department of the industry is in the decrease of motorcycles, there having been a falling off of 161 machines in 1916, as compared with the number registered on March 1, 1915. The total number of automobiles registered is 65,163, as against 45,063 a year ago. This includes 16,239 commercial vehicles, a gain of 3,141 in that type of vehicle, of which at the same time a year ago there were 6,255 registered. The motor cycle division shows 1,521 machines

in the state, as against 1,735 last year. The number of dealers licensed this year is 1,655, as compared to 1,401 in 1915, while there have been 1,271 licenses to operate machines granted, as compared to 2,268 last year. The renewal licenses this year are 12,000, as against 11,049 on the same date a year ago, while 1,417 examinations have been held as against 1,176 in 1915. The total receipts from registration are \$672,119.29 as against \$551,451.87 a year ago.

PEOPLES' OPINION

Who Pays the Taxes—The Landlord or the Tenant?

Dear Editor.—In the Kittery town meeting, held last Monday, it was maintained by some, that a man who rented a house in town did not pay taxes into the town treasury. I claim that he pays the taxes on the assessed value of the property that he may be renting. It is an understood fact that a tenant pays enough rent to the landlord to pay all the taxes, insurance, water rates and repairs on property rented, besides a liberal rate of interest on the capital invested. This being the case, it must be that the tenant pays the taxes. If the tenants were all to move out of Kittery, property would be practically valueless, and the landlords would have to pay a higher rate of taxation with less income. It must, therefore, be very evident indeed that the tenant is quite necessary to the welfare of the town, and should be treated as a citizen, at least, when in a great many cases he is actually paying more taxes than the landlord, although it may not be apparent from the town records. It is only another case of tyrants trying to make tenants pay taxes without any representation in the matter as to how the money is to be spent. In other words, it is another case of "taxation without representation." I trust that by the time of the adjourned town meeting, it will be generally understood that a man paying rent for a building worth from \$2000 to \$3000 is paying the same tax as the owner with a farm worth the same amount, and that he is paying much more than the landlord, whose taxes are all paid and whose income is derived from these self-same tenants.

A TENANT.
Editor.—Can you inform me who appointed the latest "Napoleon of Finance" to engineer the straightening out of our city finances? Some of our city officials, at least, are taking into matters that do not concern them, and their talk is making them the laughing stock among some of the tax payers. It would appear to be the duty of the City Council to handle this matter.

CITY HALL.
Editor.—Hasn't someone made a mistake in turning the fire alarm system proposition into a political job? The new man in charge is an efficient electrician as all who know him can testify, but there is certainly something seriously wrong with the fire alarm system as at present it is a hindrance instead of an aid. The telephone had better be used in summoning assistance instead of the fire alarm as at present.

REPORT OF INSPECTOR

Physical Conditions of Y. H. & B. and Atlantic Shore Railways.

William M. Brown, chief inspector of the Public Utilities Commission of Maine, in his report of the physical condition of the York Harbor and Branch railroad and the Atlantic Shore railroad has the following to say:

"The country through which this railroad passes is generally flat and the grades and curves are light. The cuts and fills are in good condition, with the cuts fairly well ditched. The track alignment and surface are good and the rails, split switches and rigid frogs appear to be in good condition. This company has no rolling equipment, using that of the Boston and Maine railroad company.

"The fences are in good condition as are the bridges and buildings, the station well painted and maintained in a neat, clean condition.

"Guard rails have been put on three bridges and signal protection erected at one draw bridge during the past year.

Atlantic Shore Railway
"The country traversed by this road is generally level, a part of the line following the seacoast quite closely. The grades are not excessive and are generally easy, the sharpest curve being in Kittery.

"The track alignment and surface are generally good. The pole line and overhead construction are good, the poles being in good line and numbered. The brackets supporting the trolley line are level and the trolley wire is over the center of the track.

"The rail fastenings and bounding are in good condition as well as the frogs and switches.

"The bridges and buildings are in good condition with the exception of one bridge on the Biddeford-Kennebec line near the town house, which is in a rather poor condition. The equipment is in good condition.

"Improvements during the past year have been made as follows: Twenty-nine thousand new ties put under the track; 13 tons of new 60-pound T-rails laid, replacing worn out rails on various curves, and 33 tons of 30-pound T-rails; a number of new corrugated galvanized iron pipe culverts have been installed; new girders have been installed in the bridge over the Boston and Maine railroad's track at West Kennebunk; 663 linear feet of new wooden trestle have been built at Biddeford harbor, Kittery, replacing an old trestle; special work has been done at the junction of Birch and Alfred streets, Biddeford, connecting with the tracks of the Biddeford and Saco railroad; a new rotary converter has been installed in the sub-station at Sanford, and one block of automatic block signals has been installed on the Springvale division."

TOWN WILL RAISE TIMBER

Hollis, N. H., First in State to Accept Act of 1913.

Hollis, March 15.—At Tuesday's town meeting, by the acceptance of a 200-acre tract offered the town by Silas M. Spaulding, Hollis became the first place in the state to engage in timber culture under the act of 1913. The state will furnish young pines at cost until the state nurseries are ready to supply them free for transportation. A clause requires that \$50 a year for ten years be laid out by the town for reforestation.

FUNERAL NOTICE

Funeral services of Mrs. Abbie A. McGregor will be held at the home, 769 State street, Thursday afternoon at 2 o'clock. Friends invited.

NEVER PUT OFF

—till next month what you can do now.

Don't wait until the vines have begun to grow, before deciding to get your house painted. Let me give you an estimate now.

MEXICANS UNDER CARRANZA MUTINY

A Report Received at El Paso States That One of His Generals Has Been Executed

(Special to The Herald)

El Paso, March 15.—Circumstantial reports that American troops had crossed the border from Columbus, N. M., reached here from several sources early today, but dispatches from Gen. Pershing's base of supplies indicated that the advance across the border to hunt down Villa had not yet been begun. These messages told of the "preparations" under way at Columbus but said nothing as to any actual troop movements.

The chief interest centered not so much in the movements of the American troops as in the attitude of the Carranza forces toward the Americans sent to get Villa. A report of a unit of Carranza troops at Ojinaga and the execution of their commander, General Rojas one of Carranza's ablest

commanders were confirmed in a dispatch sent from Presidio this morning. Other rumors had the town of Huachita attacked and captured by Carranza troops after a battle with the Seventh U. S. Cavalry. The rumors with reference to Huachita were untrue. They were denied at Carranza headquarters at Juarez and later by a message direct from Huachita.

The report at Ojinaga was regarded here as adding a very serious aspect to the situation. The revolutionists are said to have declared they will join Villa. The American authorities have feared that Carranza's officers would be unable to control their men and it was because of this fear that preparations were made for sending a strong force into Mexico instead of making a quick dash to capture Villa.

NAVY YARD NOTES

Vessel Movements

The Ench has arrived at Guantanamo.

The Eagle at Acapulco, Hayti.

The Monaghan at Pensacola.

The Tichie at San Diego.

The Sterling at Porto Grande.

The Arctura has sailed from Port Arthur, Texas for Guantanamo.

The Chester from Porto Grande for Monrovia.

The Paducah from Pique Channel, Cuba for Cienfuegos.

The Terry from Pensacola for Mobile.

The Virginia from Hampton Roads for Boston.

The Saratoga has been assigned to duty with the Pacific reserve fleet.

The Pittsburgh now at Puget Sound will leave about the 20th instant for San Francisco and San Diego.

The B-2 was placed out of commission at New York on March 13.

Take Ships From Boston Yard

A change has been made in the ships assigned to the Boston yard, The Dixie, the parent ship of one of the torpedo flotilla divisions, has been sent to Norfolk with the destroyers Ammon, Burrows, Paulding and Trippe. The Nicholson and Cushing of the same division have been sent to Norfolk. In their places the Melville and Warrington will come from the New York yard and the Jarvis, Panning and Jenkins from the Norfolk yard.

The battleship Virginia is due to arrive at the Charlestown navy yard some time today in command of Captain Jackson. Rear Admiral Coffman will not accompany the ship as he has transferred his flag to the New Jersey.

The Virginia will be given a thorough repainting which will require several months.

Nothing to be Ashamed of

The mechanics at work on the submarine have made excellent headway considering the delay in machinery and freight embargo on material necessary in construction of the underwater craft.

Board Ordered

Acting Commandant J. V. Klemm has ordered a board of inquiry to convene and report on the circumstances connected with the finding of the body of a seaman in the river on Tuesday.

More Refrigerators

The bureau of construction and repair has authorized the construction of four more refrigerators for torpedo boats on the east coast, making 26 in all at a cost of about \$3,000 for labor and material.

Doing Pretty Fair

The navy department reports the T-8, the submarine under construction at the local yard as 76 per cent completed.

\$25,000 Today

Pay day for mechanics and laborers today. About \$25,000 was distributed among the employees.

Called and Recalled

Five mechanics were called today and six boatbuilders recalled from furlough.

Bodies All Removed

Undertaker W. P. Miskell today completed the work of taking up the 31 Spanish dead on Seavey's Island. The bodies are now at the yard hospital where they will remain until the vessel arrives from New York to take them aboard.

Sergeants Shifted

Sergeant L. U. Cox of the marine

NEW VERSION OF THE BEATITUDES

Washington, March 14.—The Anti-Preparedness Committee gave out today a new version of the beatitudes, according to the "preparedness" school of metropolitan preachers.

The text is by the Rev. John Haynes Holmes of the Church of the Messiah, New York city and reads as follows:

Blessed is the proud in spirit for theirs is the kingdom of earth.

Blessed are they that mourn for they shall be banished.

Blessed are they that hunger and thirst after preparedness for they shall be filled.

Blessed are the mercenaries for they shall obtain victory.

Blessed are the sure in heart for they shall stand fast.

Blessed are they that are conscripted for preparedness sake for theirs is the kingdom of earth.

Blessed are ye when men approach you and tax you and conscript you; for my sake rejoice and be exceedingly glad, for great is our reward in battle; for so conscripted they the soldiers that were before you.

Ye are the best of the earth, but if the best have lost their security, where fore shall they not be banished. They are henceforth good for nothing, but to be cast down and trodden under foot of men.

Think not that I am come to destroy; I come not to destroy but to fortify. For verily I say unto you, that heaven and earth may pass away, unless all be prepared.—Except your preparedness of the Hun and Japanese, ye shall in no wise enter into the kingdom of earth.

Ye have heard that it was said to them of old time, thou shalt not kill, and whoever shall kill shall be in danger of the judgment. But I say unto you whoever is not prepared against his brother shall be in danger of the judgment. Deal with thine adversary quickly, lest happily the adversary refer thee to the judge, and the judge deliver thee to the court and then be cast into arbitration. Verily I say unto you, thou shalt by no means come out thence, till justice be done.

Ye have heard that it was said, resist not evil; but I say unto you, that this is ridiculous. Whoever shall smite thee upon the right cheek, smite him upon the other also. And whoever shall seek to take away thy coat, seize his cloak also. An eye for an eye and a tooth for a tooth. Whosoever ye fear that men do unto you, prepare ye also to do unto them. May this be the law—and the profit!

Logical Inquiry.

"Carry yer bag, sir?" said an eager urchin to a man hurrying toward the station.

"No thanks," replied the man, shortly.

"I'll carry it all the way for a dime," persisted the lad.

"I tell you I don't want it carried!" retorted the man.

"Don't yer?"

"No, I don't."

The lad broke into a quick trot to keep up with his victor's hasty strides as he asked, in innocent curiosity:

"Then what are you carrying it for?"—New York Times.

DECLARES WAR AGAINST PORTUGAL

Rome, March 16.—Austria has declared war against Portugal. It was announced here today.

URGES INCREASE IN NAVY

Capt. Simms of the U. S. S. Nevada Appears Before House Naval Committee.

Washington, March 15.—Immediate construction of eight or nine battle cruisers to provide an element of strength now sadly lacking in the American fleet was urged before the house naval committee yesterday by Captain Simms, commanding the battleship Nevada.

The captain also advised the building of many additional destroyers. He said that while much had been accomplished toward making armored ships less vulnerable to torpedoes there had been no solution of the problem of protecting a fleet against torpedo attack in open sea. "Therefore," he said, "the navy should have plenty of fast craft to chase off destroyer and submarine enemies."

Much information was given the committee by the witness concerning the navies of the world and their operations. He said it was improbable that any great expedition against the United States ever would start from the other side of the Atlantic but that some point in the West Indies probably would be used as the base. He strongly endorsed the navy department's proposal to promote officers by selection, instead of seniority.

Before the committee began its hearing Tuesday, Chairman Padgett conferred with President Wilson, who urged him to speed up work on the naval appropriation bill. The chairman said he expected the hearings to be concluded within two weeks.

Thomas A. Edison and other experts

will appear today to tell the committee of the necessity of erecting a great experimental laboratory, here in which to work out naval problems.

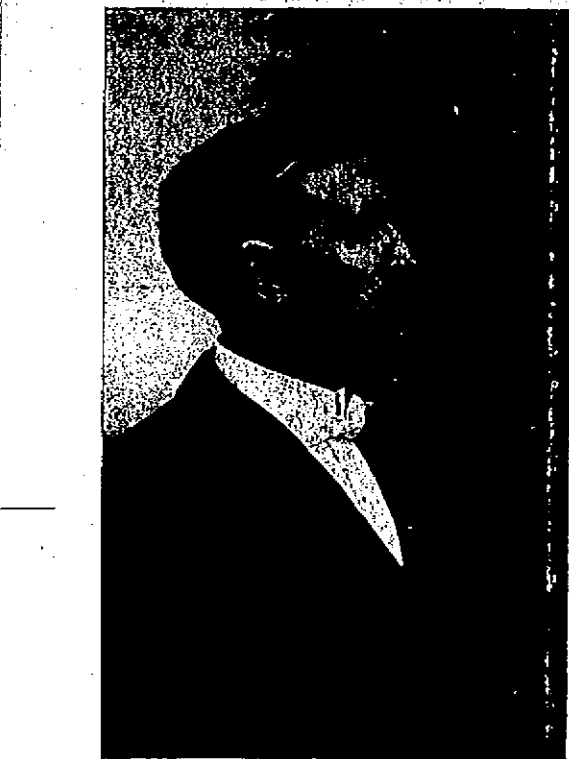

KITTERY

Professor Brown of Colby College is to give to the Kittery people his famous lecture on "The Creation Story," at Wentworth hall, Sunday, March 19. He bases his lecture on geology and Genesis. It is a lecture of science, wit and morals. Dr. Brown having taught the subject of geology for fifteen years is fully versed in his subject. The lecture will be a rare treat for Kittery and surrounding towns. Everybody is invited; no admission charged; offering for expenses.

Mrs. William Tobey of Kittery Point called on friends in town on Tuesday. Mrs. Fred Goss of the Intervene visited friends at Kittery Point on Tuesday.

Miss Maude Moulton and little niece Barbara of North Kittery are visiting the former's brother, Joseph Moulton, at Kittery Point.

Miss Edith Seaward of Kittery Point

PROF. HENRY W. BROWN OF COLBY COLLEGE

was the guest of Mrs. Eugene Haney. The Ladies' Circle will hold a birthday party in the vestry of the Second Christian church on Thursday evening. A fine program has been prepared for the occasion.

Many members of the local Grange will attend the session of York Pomona Grange to be held at Elliot on Thursday.

Fred W. May of Love lane left on Tuesday evening on a business trip to Schenectady, N. Y., for the government.

Willis G. Moulton has resumed his duties at the Navy Yard after being restricted to his home in York for several weeks.

The Philathea club will hold an "Earn a Quarter" social this evening at the home of Miss Gertrude Ryland, Love lane.

Miss Ethel Peterson returned to her home in Dover this morning after passing several days in town the guest of Miss Helen Chesley of Government street.

Miss May Brown of Oak Bank returned Tuesday evening from a visit with relatives in Weymouth, Mass.

Mrs. George Howell and daughter, Eleanor, have returned to their home in Worcester, Mass., after passing several weeks in town with Mr. and Mrs. Clifford Williams of Echo street.

Mrs. Charles H. Waggatt is able to be out doors again after being restricted to her home on Rogers road by illness.

The Ladies' Circle will meet in the vestry of the Second Christian church on Thursday afternoon.

Sleighing was very good until the snow storm of today.

Let Quansont repair your motor and your troubles are over. Cottle's wharf, Kittery.

Little Miss Helen Robbins, the young daughter of Mr. and Mrs. Frank H. Robbins, has been visiting her aunt in Portsmouth for a few days.

ELIOT SONG RECITAL
Miss Beatrice Elizabeth Hartford, soprano.
Lupul of F. Morse Wemple—New England Conservatory of Music, Boston, Mass.
Miss Florence G. Marshall, accompanist.
Grange Hall, Kennard's Corner, Elliot, Me. Thursday evening, March 23rd, 1916.
Tickets 50c.
Dancing follows.

MEN MUST YIELD TO THEIR WIVES

Or Henry Ford Won't Let Them Keep Their Jobs.

Chicago, March 15.—Henry Ford, who tried to bring peace in Europe, has carried the idea into the homes of his employees, according to revelations made here Tuesday before Judge Dennis B. Sullivan of the superior court.

The peace leaders' rules provide that employees and their wives who disagree must hold the white flag, obtain divorces or quit the service of the company and lose their \$5 a day wages.

Henry Carter, employed by the company, obtained a divorce from his wife here on a charge of desertion and his witness was Walter G. May of Evansville, formerly superintendent of the sociological department of the Ford works.

May revealed the idea of the manufacturer that the workman who quar-

rels with his wife in the morning makes a poor workman all the day.

He testified that he had done everything possible to reconcile Carter and his wife, but had failed. He said Carter was a good workman and the company did not want to lose him.

"As I understand from the rules of the company a man that is in the predicament that Mr. Carter is in now will lose his position unless he is able to separate himself from his wife?" Carter's attorney asked.

"Exactly," May said.

"I'd give him a decree," Judge Sullivan said.

Mrs. William Hampshire is confined to her home by illness.

Fred Emery of the Portsmouth Steam Laundry is on the sick list.

Miss Martha J. Hill is seriously ill with pneumonia at her home in Elliot.

Mrs. Joseph Berry, who has been quite seriously ill, has much improved.

Miss Elizabeth Hancocan has returned from a visit in Reading, Mass.

Mrs. George Fifield of Somerville has been visiting her mother, Mrs. John Hayes of Middle road.

Charles Berry is acting as watchman at the Custom House during the illness of M. H. Gregg.

Mrs. George Robbins of Cambridge, Mass., is visiting her daughter, Mrs. James R. Pringle of Highland street.

Leut. B. B. Williams of the U. S. S. Washington has taken the Chaplain DeKen's residence on Richards avenue.

Frank D. Butler of Lincoln avenue is recovering from a three-weeks' illness caused by a severe attack of the grippe.

A. F. Strout of Boston, vice president of the Brotherhood of Maintenance and Way Employees is in this city on business connected with that organization.

Fred Horner, for several years employed at the Portsmouth Steam Laundry at Bludford and will shortly remove to that city.

Miss Mary Linchey of High street has been discharged from the Portsmouth hospital where she recently underwent an operation for appendicitis and is making rapid improvement.

Wesley Ham has purchased one of the Patterson bungalows on Mendum avenue and Harold Ham has purchased the one on Park street, and both will occupy the same for residences.

George K. Sanborn, for several months connected with the Prudential Insurance Company at Taunton, Mass., returned to this city today and assumed his former position as a local agent for that company.

PERSONALS

TURN HAIR DARK WITH SAGE TEA

If Mixed with Sulphur It Darkens so Naturally Nobody Can Tell.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite essential, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound" for about 50 cents a bottle. It is very popular because nobody can discover it, has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive. This ready-to-use preparation is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

There was a large attendance at the annual town meeting. There were ten articles in the warrant and each one was of considerable interest to the citizens of the town. The officers elected were:

Town Clerk—Roy R. Rollins.
Selectmen—Abner Hatchelder, Geo. G. Carter and Irving W. Nelson.
Treasurer—Iroy R. Rollins.
Tax Collector—George J. Seavey.
Highway Agent—Lewis D. Hill.

The article to see if the town would vote to accept the bequest of \$2,000 offered by the late John W. P. Hobbs for support of high school was taken up and voted that a committee of three be appointed to consider the matter and report at the next annual meeting. The committee appointed was Irahan S. Hill, Albert B. Leeper, Otis S. Brown.

Voted, for state aid for roads.
Voted to establish a fund for care of South cemetery.

Article 7: For improvements in the fire apparatus. Voted to buy an automobile truck and mount the chemical now owned by the town on the same. The outfit to be kept and maintained in the garage of Charles L. Hatchelder.

Voted to make some changes in street lights and these a committee of three to revise the contract with the Rockingham County Light and Power Company to extend the lights and make such changes as would be for the best interest of the town.

Voted to build a sidewalk from the "Y" at Little Bear's Head to Pogg's Corner on Atlantic avenue.
The committee on water supply reported inexpedient to have a water supply for town at this time. Some of the enterprising men and heavy taxpayers are enthusiastic for a water supply and, undoubtedly, the time is not far distant when the town will vote for the same.
The annual school meeting will be held on Tuesday, March 21. It is expected a large number of ladies will attend.
The anniversary of Union Lodge, No. 51, Knights of Pythias, which was to be held on March 17 has been postponed to March 21 on account of procuring entertainment.
The committee in charge has engaged a male quartet and a reader, both of whom are of high standing. This, with the able committee in charge of the banquet promises this affair to be one of the big events of the year.

Why Paint for Looks Alone?

Many property-owners paint for beauty's sake alone. Wise ones paint to preserve as well. The latter invariably use lead-and-oil paint, the kind that is made of

Dutch Boy Red Seal White Lead

and pure linseed oil, mixed on the job, by the painter, to exactly meet surface and weather conditions. Paint made this way of these prime materials—neither cracks nor scales. It gives the utmost in appearance and protection, at the lowest cost per year.

REVOLUTIONS IN CHINA

Rebels Are Planning an Attack Upon Luchow.

(Special to The Herald)

Washington, March 15.—New revolutions have broken out in China, according to dispatches received today at the navy department, from Admiral Winterhalter, commanding the Asiatic fleet. Rebels, he reported, are planning an attack in force on Luchow, and fighting is in progress in the provinces of Chi Chiang and Hunan.

ENJOYED SLEIGHING PARTY

A party of fifty girls from the Motley Dutton factory enjoyed a sleigh ride on Monday evening. The route taken extended through the towns of Greenland and Hampton. Refreshments of assorted cake and candy were served the young ladies.

Newspaper advertising is conceded to be the best. The Portsmouth Herald reaches the people of this city and is an excellent advertising medium.

ANNOUNCEMENT TO PARENTS OF SCHOOL CHILDREN

The original Bostonian School of Music has opened a branch school, whereby children from 8 to 16 years of age can secure a musical education at a remarkably low rate. A violin outfit given free to the first ten children in each district taking a full course of lessons at our studio. A postal, and one of our directors will call.

HARD GERMAN RUSH IS STOPPED SHORT

French Curtain of Fire Holds Up a Reconnaissance From Haudremont--Big Guns Again Storming at Vaux

London, March 14.—Activities on the Verdun front continue to be chiefly those of the artillery arm, which still is being vigorously employed. No infantry attack by the Germans has developed west of the Meuse, where there have been signs that a renewal of the drive was in prospect. The German effort, indeed, seems to have again shifted in its most intensive form to the other bank of the stream, where a reconnaissance in force in the Haudremont wood, west of Douaumont is reported by Paris to have been checked by the French curtain of fire. To the southeast of Douaumont, in the region of Vaux and Damblong, the violent German bombardment continues, while further south on the line in the Woivre region, both German and French guns are busy pounding on opposing positions.

Evidence of the German desperation at Verdun increases if rumors are to be trusted, while an uneasy feeling grows in the Balkans among Bulgarians and Turks. According to reports received in Geneva from Bucharest, Germany has called on Bulgaria to send two divisions to the French front. The Bulgarian Government declined, pleading the uncertain attitude of Romania. This report is probably correct in both particulars. A constant increase in Roumanian army personnel and equipment is reported from Bucharest and the Roumanian Government has wiped out the whole pro-Bulgarian propaganda in Silistria—the Danubian section of Roumania ceded by Bulgaria after the last Balkan War—imprisoning everybody concerned, including police and administrative officials. All cattle on the Roumanian border have been requisitioned. The Bulgarians are to be the next interesting terrain in the war. While the Austrian army is getting into complicated actions with the Italian forces at Avolona, the Austrians have confiscated properties of Serbs and Croats in Bosnia and Herzegovina and Croatia to the value of \$110,000,000. It is reported that the move north from Salonica is to be made at once, coincidentally with the Russian-Roumanian move against Austria. The Italians at Avolona will hold the Austrians there—the Turks can do no more and the Germans in front of Salonica have hastily gone to Verdun. Activity is increasing on the Russian fronts and while the slaughter continues in France, Germany is likely to suffer disgrace in the Near East.

British Busy About Loos
London, March 14.—The British official statement issued today says: "The enemy exploded mines near Carney and on the La Haze-Bellane road without damage. Today we carried out successful bombardments near Manet on the Lille-Armstrong-Hall road and Hoge. About Loos and toward front Bully and Greny there was considerable artillery activity."

Belgians' Guns Rage at Dixmude
Paris, March 14.—The Belgian official communication reads: "There was greater artillery activity today along the Belgian front, especially in the section of Dixmude."

32 Aeroplanes Engaged
London, March 14.—The official report says: "Yesterday there was much

aerial activity in both sides. Thirty-two hostile machines were engaged. One was driven down near Lille and a second shot down in our lines. Today another German machine was forced to descend in our lines."

French Bomb German Station
Paris, March 14.—A Paris official report says:

"Today our aviators displayed remarkable activity in the whole Verdun region. A squadron composed of six aeroplanes dropped 130 shells on the strategically important station at Briancourt, north of Verdun. A large number of engagements were fought in which we had an incontestable advantage. In the course of these contests three German aeroplanes were brought down, one of them in our lines and the other two inside the first German lines. Other aeroplanes were observed in the act of falling, but their destruction has not been established."

Russian Gain in Galicia

Petrograd, via London, March 14.—The official statement from general headquarters, issued today as follows: "Western (Russian) front: In the Riga district there has been the usual rifle firing, with raids by skirmishers. A German armored motor car, which tried to bombard our trenches, was driven off by our artillery."

"During the campaign in the Ikskut district we observed the explosion of our shells among the enemy batteries and German detachments which attempted to approach the village of Borokovitz."

"In the Jacobstadt section the Germans bombarded the district around the Neuzburg station. Near Temenfeld and on the Pyinsk front lively artillery rifle and grenade actions have occurred."

Guns Rage on Isonzo
Rome, via London, March 14.—The following official statement was issued by the Italian war office:

"In the mountainous regions our ski troops made daring incursions. In the same regions there were also violent rifle attacks at the confluence of the two Isonzo torrents, on the Tofana di Maself. In the upper valley of the Isonzo torrents and on the Copena and Belinbianco valleys."

"On the Isonzo front incessant rifle and fog hindered our artillery activity during the greater part of yesterday. The afternoon bombardment, however, was resumed with great violence and was especially intense in the region of Plava. After careful preparation with artillery fire and despite the bad weather, our infantry, supported by machine guns and bombing detachments, charged against the enemy's position, thereby continuing the destruction of his defenses."

"Toward the Church of San Martino in the Carso region, we noticed several large explosions caused by our bombs."

"The enemy also displayed greater activity along the entire front."

British Version of Yemen
London, March 14.—The Turkish of-

cial communication received here yesterday, was passed by the British censorship on condition that the following note be published at the same time:

"The operations on the Yemen front referred to were in the nature of a reconnaissance to ascertain the strength of the Turkish forces about Subar and Aht, which was successfully accomplished. The British casualties were five men killed and thirty-five wounded. The Turkish official communication received by way of London contains the following passages which were not embodied in the communication as received by wireless from Berlin:

"Constantinople, March 11.—Our troops destroyed enemy fortifications near El Enehal (Yemen front) capturing all the pioneer material found there. A great number of bodies which the enemy had been unable to bury were found on the battlefield."

"A reconnoitering detachment, which three days afterwards (Jan. 15) was despatched against El Salik, encountered a strong hostile cavalry column with machine guns. After fighting for an hour the enemy fled in the direction of Shelkham, leaving twenty dead or wounded."

Turks Again Drive Back
Petrograd, March 14.—The official report issued says:

"Caucasus front: We have again driven back the Turks. In the region of the Malopolis River. In Persia in the course of the operations against Kermanshah our troops captured eight cannon."

Ezaron Trophies to Czar
Petrograd, via London, March 14.—Trophies from Erzerum, notably four keys to the Ottoman fortress and nine Turkish flags, have been presented to Emperor Nicholas by a detachment of the army of the Caucasus. The Emperor made inquiries and was informed as to how the trophies were captured, and afterwards bestowed on each member of the party, which consisted of two officers and nine soldiers the Cross of St. George.

MANY CASES OF RHEUMATISM NOW

Says We Must Keep Feet Dry, Avoid Exposure and Eat Less Meat.

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to double the work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant-offensive lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

POPE GRANTS DISPENSATION

His Holiness Suspends Lenten Obligations on March 17.

Boston, March 15.—The following dispensation granted by Pope Benedict was announced by Cardinal O'Connell yesterday:

"His Holiness Pope Benedict XV., knowing that the feast of St. Patrick is particularly dear to the hearts of Catholics of Irish descent and that the day is observed by special celebrations in honor of the great apostle of Ireland, has this year dispensed from the law of abstinence on St. Patrick's day, Friday, March 17, all Catholics of Irish-American parishes or societies in the archdiocese of Boston."

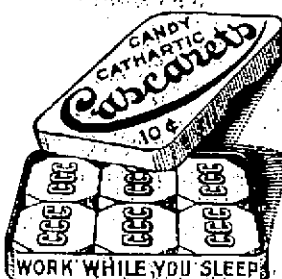

Miss Anna Sturges, daughter of Mr. and Mrs. Roger Sturges and niece of Clifton Sturges of Boston, who has been a frequent visitor to Little Harbor, will make her bow to society this evening. Miss Sturges is both attractive and popular and has been seen at a number of this year's suburban affairs. Her sister, who came out three years ago, is a member of the Vincent club.

CASCARETS SELL TWENTY MILLION BOXES PER YEAR

Best, safest cathartic for liver and bowels, and people know it.

They're fine! Don't stay bilious, sick, headachy or constipated.

Enjoy life! Keep your bowels with Cascarets. Take one or two at night and enjoy the pleasant, gentlest liver and bowel cleansing you ever experienced. Wake up feeling grand. Your head will be clear, your tongue clean, breath light, stomach sweet and your liver and thirty feet of bowels active. Get a box at any drug store and straighten out your head, clear your eyes, stop the headaches, bilious spots, bad colds and bad days—Brighten up. Cheer up. Clean up! Mothers should give a whole Cascaret to children when cross, bilious, feverish or if tongue is coated—they are harmless—never gripe or sicken.

SLIGHT DECREASE IN SCHOOL FIGURES

TOTAL NUMBER ENROLLED AT PRESENT IS 2099 AS SHOWN BY REPORT RECEIVED AT MEETING TUESDAY EVENING

The regular monthly meeting of the Board of Instruction held on Tuesday evening at the office of Superintendent Pringle, City Hall, adjourned early. Little business of importance being transacted. The meeting was presided over by Mayor Land with the following members present: Mrs. Hewitt, Mrs. Bennett, Alfred Gooding, F. S. Towle, John L. Mitchell, Charles L. Hodgdon, George W. McCarthy, Ira A. Newick, Lucius H. Thayer and P. W. Knight.

The resignation of Miss Winifred Winslow, an instructor to a special class at the Haven school was read and accepted. The report of Superintendent Pringle was read and accepted. In his report it was stated that there had been a decrease of 10 pupils in the schools during the month of February, making the total number at present 2099. The report of the finance committee with the expenditures for the past month, follows:

Report of Expenditures March 14, 1916.
Expenses of General Control
Clerk \$ 50.00
Treasurer 53.33
General office expenses 16.15

Expenses of Instruction
Salaries of Teachers & Supl. \$1621.50

Pupils' Supplies 153.51
Other expenses of instruction 35.33

Expenses of Operation of Plant
Salaries of Janitors 455.00
Fuel 38.01
Light and Power 23.04
Janitors' Supplies 59.33
Other expenses of operation 32.40

Expenses of Maintenance of Plant
Building Repairs 25.17
Equipment Repairs 46.27

Outlays
New Equipment 110.35

Totals \$5367.36

SALISBURY VOTES NO-LICENSE

Jumps From Wet to Dry at Annual Election on Tuesday.

License was defeated at the annual election at Salisbury on Tuesday after a close fight by a vote of 221 to 187. During the past year there have been three licenses granted for summer hotels and one for the whole year. Many of the hotels that were burned in the fire last fall were rebuilt, in the expectation that the town would remain license-free.

The three successful candidates of

the 11 for the board of selectmen and overseers of the poor were: Merdon Howe, John A. Stevens and Arthur S. Hodgdon, Howe defeated Frank Sanborn for re-election.

Other officers elected were: Assessor—William H. Evans. Town Clerk, Collector and Constable—Samuel W. Ware. School Committee—Irving A. French. Health Commissioner—John F. Pike. Highway Surveyor—Ruel S. Getchell.

Treasurer—Henry C. Rich. Auditor—George W. Pettigill.

STATE COLLEGE EXTENSION WORK TO COVER STATE

CONTEST FOR COMING YEAR TO COVER ALL NEW HAMPSHIRE INSTEAD OF THIS SECTION.

Durham, March 14.—Boys' and Girls' Agricultural Club work for the past two seasons has been offered to the boys and girls of southern New Hampshire, but this year the Extension Service of New Hampshire College, with an increased staff, will endeavor to be of service to boys and girls of all counties of New Hampshire.

Here is a chance for the boys and girls who are interested in canning, sewing or gardening work, to receive instruction and guidance from the State College. The College through its Extension Service is offering six contests in which boys and girls may enroll for instruction, competition, namely Canning, Sewing, Home Garden, Potato Field Corn, Sweet Corn.

The requirements for standard work and the methods used for conducting the contest are very similar to those of the other northern and eastern states. Every boy or girl entering the agricultural club work is expected to follow instructions for doing a definite amount of sewing, or canning, or cultivating a standard size plot of land; to keep an accurate account of their time and expenses; and return at the end of the season a certified statement of the results and a story telling how the work was done. The certified statement of results, expense account, and story, and the exhibit of produce are each scored for determination of town, county and state contest, according to a scale of points devised by the United States Department of Agriculture for the purpose.

If you wish to form an Agricultural Club in your town interest six boys or six girls to enroll in the work, if less than six are interested they may receive the benefits of the work by enrolling in the general club and they will be eligible to compete in all county and state contests, and special exhibits.

Here is a chance, boys and girls, to improve your spare time in happy, healthy, and useful ways, and undertake a business transaction of your own from which you will develop habits of industry and self-reliance, you will learn the fundamental principles of improved methods of canning, sewing, and culture of the above mentioned crops, and educate yourself in the most practical way—"Learning by Doing."

BEAUTIFUL HAIR, THICK, WAVY, FREE FROM DANDRUFF

Draw a moist cloth through hair and double its beauty at once.

Save your hair! Dandruff disappears and hair stops coming out.

Immediate?—Yes! Certain?—That's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after an application of Danderine. Also try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A beautiful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp; forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful. You can surely have pretty, charming, lustrous hair, and lots of it, if you will just get a 25-cent bottle of Danderine from any drug store or toilet counter and try it as directed.

KINDERGARTEN SOCIAL AT THE GIRLS' CLUB

INTERESTING AND NOVEL ENTERTAINMENT HELD TUESDAY EVENING WITH MANY VISITORS PRESENT.

A pleasant party, in the nature of a novelty entertainment, was held on Tuesday evening at the Girls' Club, under the direction of the entertainment committee of which Miss Edith Ryan is chairman. The entertainment took the form of a "Kindergarten" session, the members appearing in costume.

A regular kindergarten school session was held, Miss Edith Brewster officiating as the teacher and Miss Jessie Wood as pianist. The entire school session was carried out from the opening to the close of a kindergarten school, including a recess. Much amusement was occasioned for the many visitors and guests present when at the recess each of the "children" was presented with a lollipop. At the close of the "session" the "pupils" were treated by the teacher to ice cream cones.

A social hour followed when refreshments of ice cream and cake were served, the members of the club and their visitors and the judges announced the award of the prize to Mrs. Florence Harris as having the best costume. The judges were Mrs. Hackett, Mrs. Thompson and Mrs. Tuttle.

What About The Teeth?

Statistics show that only about 14 out of every 500 New York City school children have sound teeth. Probably similar conditions prevail elsewhere.

There's a Reason! And it lies to a great extent in the demineralized foods that make up the usual diet of children. The body must have its quota of mineral elements—lime for the teeth, iron for the blood, phosphate of potash for the nerves, etc.—or disaster is pretty sure to follow. Many foods—especially white bread—are woefully lacking in these vital mineral elements.

The famous food,

Grape-Nuts

is rich in these elements. It is made of whole wheat and malted barley, retaining the mineral salts so abundantly stored in the grain by Nature.

Grape-Nuts is easily digested, appetizing, and highly nourishing. Along with other food, a daily ration of Grape-Nuts does much toward correcting dietetic faults in both children and adults.

"There's a Reason"

CHALLIS DEFEATED BY MOSES IN THE PRIMARY IN STATE

VOTE OF 2 TO 1 AGAINST ROOSE-
VELT PLEDGED CANDIDATE TO
NATIONAL REPUBLICAN
CONVENTION.

Concord, March 14.—In the first presidential primaries held in this state less than 50 per cent of the vote turned out in the last state primaries was registered from the figures returned to the secretary of state at a late hour last night. In the only contest, that between George J. Moses of this city against Frank N. Challis of Manchester for delegate at large, Moses was elected by a two to one majority.

One freak election was held. This occurred at Alford, which refused to recognize the presidential primaries. One vote only out of 200 was in favor of accepting the presidential primaries, and not a vote was cast for a delegate.

FREE HOUSE PIPING PROPOSITION FREE

We Have Decided to Pipe 100 Houses Absolutely Free
Charge, Under the Following Conditions

- First—The house must be located on our present lines of mains.
- Second—Under this proposition you must agree to buy a fixture and burner for each opening.
- Third—The standard fixtures and burners will be sold at the regular retail prices which have been the same for the past two years, although the prices of these goods have advanced nearly 50 Per Cent. since January 1, 1916.
- Fourth—PRICES—Polished brass inverted bracket with burner, \$1.50; with by-pass, \$1.85. Polished brass pendant with burner and by-pass, \$2.25. Two light inverted fixture with burners, \$4.25. Three light inverted fixture with burners, \$5.75.
- Fifth—Not less than four rooms will be considered under this proposition.
- Sixth—No house that is now partially piped will be considered under this proposition.
- Seventh—This proposition is limited to 100 houses. We reserve the right to withdraw this offer at any time. You will never have a better chance.

PORTSMOUTH GAS COMPANY, ALWAYS AT YOUR SERVICE

contributor to the New Haven (Conn.) Register comes to the defense of the little animal and says that the groundhog was perfectly right in his dopa on the weather. February 23rd is to blame for all the trouble and the contributor writes that on Leap Year the action of the earthling is automatically reversed. In his letter to the Connecticut newspaper he said that he found the following young poem in a scrap book which belonged to his great-great grandfather, the weather quibler having been written in 1788.

"If cloudy Candlemas' Day, in leap year, be,
And the woodchuck his shadow can-
not see;
Back to his ground-hole he goes to
stay,
For winter will last till All Fool's
Day."

How this could be true, and the facts as stated have been shown so far this year, and not discovered sooner, seems almost unbelievable. This defense of the poor animal which has done his best for years. Immense without compensation to forecast the weather, is the first kind word spoken for him in more than a month. It may result in his being placed back in the good graces of the New England farmer, and only another year can prove him true or false. If he fools us again next year it is probable that he will never be trusted again, for the faith of the nation in his record to date has been badly shaken. By his last appearance on Feb. 23, 1916.

AT THE PRINCIPAL BOSTON THEATRES

"HOBSON'S CHOICE"

Odd Comedy Will Charm all Theatre-
goers for a Second Week at Ye Wil-
bur Theatre, Boston.

A novel comedy without sex angers, "big business" or any sort of criminal intrigue has been introduced to Boston and New England playgoers at the Wilbur Theatre in "Hobson's Choice." The second week begins next Monday, March 20th. This is just a human interest story of a tramping father, a loutish apprentice, and three pretty and clever daughters. But it packed the Comedy Theatre, New York for five months, with a succession of highly amused audiences. Messrs. Shubert in their desire to have the Boston houses under their direction fitted with the best attractions have taken off "Hobson's Choice" from the Comedy in the height of its New York run and brought it to Boston. The complete New York cast is presented, including Molly Pearson, Whitford Kane and A. O. Andrews in the three most important roles. The piece was written by Harold Brighouse, one of the power school of British playwrights and was played by H. Eden Payne, famous for his direction of the Gaiety Theatre, Manchester, England, and at theatres in Philadelphia and Chicago. The scenes are laid in England during the quiet mid-Victorian period of the late seventies, and the costumes are delightful in their verisimilitude to the old fashions of that time. There is a thread of romance intermingled with the fun. The fortunes of Maggie and Will, of Alice and her limb of the law, and of Viokey and her tall corn-factor sweetheart, are followed with unflagging interest.

This novel conceit keeps away from mere buffoonery and draws laughter from the happenings of a middle-class household, where the father is an arrogant tyrant and his three daughters are frankly rebels. One of the most amusing episodes is the capture in marriage by scheming Maggie Hobson of her father's apprentice, who is a genius at cobbling but a fool in love. She makes a man of him, as managing women have a habit of doing, and then rules the household in place of the deposed tyrant, Molly Pearson, the famous character actress of "Hinky" and "The Passing of the Third Floor Back" is seen in this quaint role. Whitford

Kane and A. O. Andrews stand out in an exceptionally able cast brought here in its entirety. A bargain matinee is given on Wednesday when the best orchestra seats are only one dollar.

WM. HODGE

The Biggest Success of the Theatrical Season in Boston, in "Fixing Sister"

William Hodge has scored a triumph seldom achieved by stars who have made one immense hit. He has followed his signal success of the "Man from Home" with two other equally brilliant and delightful ones—"The Road to Happiness" and "Fixing Sister." Last year he played almost the entire season at the Wilbur in "The Road to Happiness" and this season he bids fair to tie that record at the Majestic in "Fixing Sister." His presentation of John Ols, successful American business man, is the seventh notable portrayal of native American character that this highly popular favorite has given to our stage. The first was Freeman Whitmarsh, the eccentric village paragon and gossip in "Sag Harbor." The next was the droll Stephen Tully in "Sky Farm." Edward Kludger's play, "The Third was that old Captain Plummer in George Ade's "Peggy from Paris." Then came his bibulous wife hunt in "Mrs. Wiggs of the Cabbage Patch" in which Madge Carr Cook was Mrs. Wiggs and Madge Taliaferro was Lovey Mary. After that Mr. Hodge's next conspicuous creation was Daniel Voorhees Pike in Booth Tarkington's "The Man from Home," in which he won fame and fortune and his latest prior to his present role in "Fixing Sister" was Lincoln like Jim Whittman in "The Road to Happiness." The fact is that Mr. Hodge stands alone in his own peculiar line of parts. He has a unique personality that exactly fits the distinctively American types. One critic declared that "he is as distinctively American as is the circus or baseball."

In his present success Mr. Hodge presents the highest type of American—the successful and masterful business man who has reached the topmost pinnacle in the industrial world. At the same time his John Ols has progressed correspondingly in his social education so that when he is forced through circumstances to journey from Kansas City and to embark in the whirl of social frivolity with which New York's smartest set flatters away his time, he is perfectly at home and enters into the spirit of the thing like he had been "to the manner born." And incidentally he is rewarded in this plunge into the metropolis' social gaiety by saving his foolish, extravagant and title-loving sister from the toils of two foreign fortune-hunting adventurers. He also wins his charming and youthful sweetheart after one of the most tantalizingly beautiful romances seen on the stage in many a day. Mr. Hodge begins his sixth week at the Majestic next Monday, March 20. There will be a bargain matinee Wednesday, with the best seats \$1.00.

PRIEST TERRIBLY WOUNDED IN THE TRENCHES.

Vienna, March 14.—The Rev. Francis Hamacher, a Tyrolean priest, who joined a company of sharpshooters last May and has been fighting in the trenches on the Isonzo for nine months recently was brought to a hospital in Innsbruck in a terrible condition. Both of his legs and his right arm had been torn off by an Italian shell and he also had lost one of his eyes. The surgeons expect to save his life.

JAPAN PAYING OFF HER DEBTS

Tokio, March 14.—The war prosperity of Japan is shown by the fact that Japan for the first time in her history has floated a foreign loan, besides taking steps to redeem an unprecedentedly large amount of her own debts.

That Japan should become a creditor nation even on a small scale took her bankers by surprise and the foreign loan was of \$25,000,000 to Russia was a failure owing to the manner in which it was handled.

SAFETY FIRST EXPOSITION TO TOUR WHOLE COUNTRY

(From the Office of the Secretary of the Interior.)

Washington, March 14.—The Safety First Exposition, which was held in Washington recently and which depicted what the Federal Government is doing in the saving of life and property, may soon be brought to the doorsteps of every citizen in the United States.

The exposition was of such far-reaching educational value and created so much public interest that Secretary of the Interior Franklin K. Lane conceived the idea that the rest of the country ought, if possible, to be given the opportunity of seeing it. He accordingly wrote letter to Daniel Willard, President of the Baltimore and Ohio Railroad, requesting the free use of a complete train for that purpose. President Willard responded immediately and offered to furnish an all-steel train of any necessary number of cars to transport the exhibits. The railroad also agreed to haul this train free of charge over the entire length of its line, stopping a sufficient length of time in each city or town to enable the people to inspect thoroughly the various exhibits.

It has been tentatively agreed that this train will be in Washington by May 1, and that it will be equipped as rapidly as possible and sent on its way. An itinerary will be arranged without delay. It is the plan of Secretary Lane that upon the completion of this itinerary the other prominent railroads of the country will be asked to extend similar favors over their lines and in this way he hopes that everyone in the country sufficiently interested will be able to see the exhibits.

The exposition held in Washington originated with the Bureau of Mines and through the encouragement of Secretary Lane spread to all the other departments until twenty-seven Federal bureaus were represented, as well as the American Red Cross and the police department of the District of Columbia.

"I am of the opinion that such a moving exposition will be of great educational advantage to the country," said Secretary Lane today. "The exposition as I saw it was a revelation as to the extent of the Federal Government's activities along the lines of life saving and property saving. That it created great popular interest was evidenced by the fact that in the very busy city of Washington, having manifold other interests, the exposition attracted more than 35,000 persons during the week."

"With all this moving exposition will give the people of the interior towns and cities an opportunity to see and understand what the Federal Government is doing in places remote. For instance, the work of the Public Health Service, Treasury Department, in guarding the gateways of the Republic against epidemics of diseases sent us from foreign shores and the stamping out of these diseases on the threshold of the country; the work of the Coast Guard Service, Treasury Department, in saving life at sea, making the ocean lanes safe for travel; the Navigation Bureau, Commerce Department, with its extensive system of wireless which has already saved thousands of lives on shipwrecked vessels; the Forest Service's plan, Department of Agriculture, of fighting forest fires and preserving millions of dollars of natural resources to the nation; the methods used by the Bureau of Mines, Interior Department, in rescuing entombed miners from terrible death; and the safety methods of the Interstate Commerce Commission which have so signally reduced the deaths among trainmen.

"In addition there is the safety first work of the Army and Navy Departments, in sanitation and the stamping out of the typhoid fever in the Army and Navy.

"These are but a few of the many interesting activities of the Federal Government that the people will be privileged to see and learn about. Altogether it will be a rare opportunity for the average citizen of the United States and will give him a better and clearer idea of what a great and humanitarian country he lives in."

Styles to please every mother and her small daughter.

The vest is very new and so is the bell sleeve and the flare in the Coat and Skirt.

The farthingale is the logical development of the full skirt.

THE D. F. BORTHWICK STORE

LOCAL DASHES

Some winter. More work for the snow shovel. This snow question should be settled.

Fish of all kinds at Clark's Branch, Tel. 113.

Spring may be coming, but so is Christmas.

Sleighbells are becoming numerous again.

The kids are thoroughly enjoying this snowy weather.

A foolish question: How much longer will the snow keep up?

Men on furlough from the navy yard are being called back to work.

Upholstering; hair mattresses renovated, Margeson Bros. Tel. 570.

The Mothers' Club meets at the North church chapel on Friday afternoon.

The Rogers Mission Circle meets at the North church chapel on Thursday afternoon.

The news reports from the Mexican border are rather conflicting in their statements.

Lobsters and fish of all kinds caught by our own boats, fresh every day, E. Jamieson and Sons, Tel. 548.

Austria declared war against Portugal today. Someone ought to declare war against the weather man.

A carload of mules for the British forces passed through Dover for the ocean steamer at Portland on Tuesday.

It is understood that the Portsmouth Lodge of Elks are planning a "Movie Ball" and may party to be held soon after Easter.

The directors of the Telephone Company have issued an annual report which is being placed in the hands of the subscribers.

Closing the saloons on primary election when the polls do not open till 3 p. m., is working a hardship on the men who pay the license.

Lovers of vaudeville and pictures are certainly getting their money's worth at the Colonial, the very best of vaudeville being offered there each week.

Do your screens need brightening up? C. & M. enamel will make them look like new. Screen Black and Brush at the Matthews' Hardware Store, opp. postoffice.

After changing its mind five times, alternating between snow and rain, the weather settled down near midnight for what looks like another real snow storm.

At its annual meeting on Tuesday, Stratham appropriated \$150 for a celebration of the 200th anniversary of its incorporation, the date of which is not yet set.

Many local Republicans went to Exeter this afternoon where they attended the meeting of the Rockingham County Republican Club at which Dr. Chalmers spoke.

Employees in the several municipal departments at city hall are delighted with the daily vocal selections from a number of the assessors' board. A move has been made to have him recognized by vaudeville promoters and it is hoped that he will be seen and heard on the stage, notwithstanding the fact that they hate to part with his association.

ENGAGEMENT ANNOUNCED.

Mr. and Mrs. Thomas F. Gage announce the engagement of their granddaughter, Miss Doris J. Gage, to Ralph W. Barry, both of this city.

OCCUPY GREEK ISLAND.

(Special to The Herald)

Athens, March 15.—French troops have occupied the Greek island of Mourio.

KITTERY CHURCH CALLS PASTOR

Mr. Alexander Graham of Boston Asked to Become Minister of Second Christian Church.

At a meeting of the Second Christian Society, Kittery, on Tuesday evening, a unanimous call was extended to Mr. Alexander Graham of Boston, a student at the Gordon Bible Institute in that city, to become pastor of the Kittery church.

Mr. Graham was present at the meeting but will withhold his decision for a couple of weeks. It is hoped by all who know the young man that he will accept the call for he is a fine man for the place.

He is an excellent speaker, a fine singer and has a most pleasing personality. Mr. Graham has been supplying the pulpit of the Second Christian church for several weeks past. He will be graduated from school in June, after which he will be ordained.

THE HERALD HEARS

That a flyo man has come forth with the first robin; a Newcastle man dashes pussy-willows. Now why don't some one in Elliot shovel away the snow and dig the first dandelions?

That Manchester has 500 men howling in the several leagues of that city. That we may get a "White Easter" if the weather man doesn't change his program.

That John D. Rockefeller ought to gather in a few extra nickels and dime this year with an increased average cost of \$30 for each automobile and 2,000,000 autos in use, figure it out.

That the school question in both Elliot and Kittery is something for the people of the towns to give serious consideration.

That the Portsmouth navy yard is benefited by the exchange of the ships Sacramento and Baltimore.

That the janitor has been a busy man since February with the snow and coal shovels.

That it is whispered that an assistant in one of the undertaking firms is contemplating going in the brick business—so his friends say.

That he is now inspecting samples of burned clay that have been coming to him by special messenger.

That Leap Year has furnished something besides success for the maidens on a matrimonial hunt and has given us more snow for the first ten days of March than we have had for any corresponding month for the past ten years.

That Billy Sunday says it is just as bad to think a man is a liar as to call him one.

That Billy may have the right dope on this matter but a man is not liable to have any trade marks on his face if he thinks and don't express himself.

That Officer Anderson took a patient to the state hospital today.

That "Baby Week" meant something to Mrs. Otto Brinkman of Rockford, Ill., who produced an addition to the family, of triplets, two boys and a girl.

That Tom Meehan of this city, lately transferred to Manchester by the New England Telephone Company, has been assigned to central exchange work and will work throughout the state.

That runaway marriages have been numerous of late and the couples have failed so far to succeed in making them a secret.

That a Circle of Companions of the Forest will shortly be organized at Dover.

That it will start with a charter list of 100.

That raincoats and rubber boots may be the display on Easter instead of the customary new spring lid.

That slushing parties are all wading in together.

That Police Officer Smart has been assigned permanently to the bank beat at night.

That snow has fallen on 42 days this winter and there is more in reserve, so the weather man says.

That the earlstone diplomats who failed to settle the European war in several all-night sidewalk conferences, can now tackle the Mexican situation any old time they are ready.

ST. JOHN'S NOTES

The Women's Guild will meet in the chapel on Thursday afternoon of this

Salvation Army Hall

202 State Street

THURSDAY, MARCH 23rd

at 8 p. m.

STEREOPTICON LECTURE

"William Booth, The Man and His Work"

By ADJUTANT A. TYLER

of London, Epp, and Boston, Mass.

TICKETS, 10c.

week for any business that there may be to be acted upon. As the members of the Woman's Guild and the Woman's Auxiliary are largely composed of the same persons, this meeting will be immediately followed by the weekly one of the Woman's Auxiliary. At this latter meeting the rector requests all who can to bring in some information about Alaska, particularly about the missions of the Church in Alaska.

As the two above meetings are the first ones in Lent, the rector looks for a full attendance.

POVERTY PARTY.

Grotesque Costumes a Feature of Methodist Social.

A poverty party was given on Tuesday evening in the vestry of the Miller Avenue Methodist church under the auspices of the Epworth League. It was largely attended and a very enjoyable evening passed.

The grotesque costumes of those in attendance caused great merriment. Music was enjoyed and games were participated in during the evening, following which refreshments of hot coffee, doughnuts and cheese were served to all.

OBITUARY

Miss Margaret Fay

At the residence of her brother, Mr. James Fay, on State street, occurred the death this morning of Miss Margaret Fay who had been an invalid for some time, returning from California this spring where she went for health and employment a few years ago. While in Portsmouth, she lived for many years in the family of Mrs. John Broughton, where she was a faithful helper and both Mr. and Mrs. Broughton have ever been interested in her welfare. She was a woman of natural refinement, quiet tastes and bore her invalidism with great courage.

Mrs. Alfretha A. Dunlap died at her home on Walker street, March 15th, Mrs. Alfretha A. Dunlap, aged 62 years, wife of Albert W. Dunlap.

The primary election held throughout the state yesterday cost this city about \$500.00 and less than 300 voters took the trouble to turn out.
